

## **DEADLINES until the next mobility:**

### **31<sup>st</sup> of May**

Explore how much it costs to make an app(on average) in every of the 5 countries.

### **31<sup>st</sup> of October**

Explore how much would other expenses be (promotion, copyrights, price of putting an app in App Store, Google Play and Windows Store, accounting, servers)

### **31<sup>st</sup> of January**

Explore from what can we make our revenue (ads in the app).

Before every deadline, participants from each country should share their findings with other group members and then one document containing all the researched information will be uploaded on Twinspace by the deadline.
