INSTRUCTIONS TO STUDENTS

Dear Students,

We are very pleased to welcome you as our guests in April. As you already know, you will be working in working group 3 – Tourist guide.

WORKING GROUP 3 – TOURIST GUIDES

Project goal: To publish online innovative/creative tourist guide

Mobility week goal: To decide on the media for publishing and develop content + publish

Expected outcome/output: published online tourist guide (to be further developed and content added after mobility) with first main pieces of information in various content type (video, facts, stories, suggested hotspots, info, etc.)

Suggested tools to be used:

Atavist – www.atavist.com - Atavist is the tool built to produce stories. Now you can use it to create and publish your own digital story, book, or magazine.

Booktango – www.booktango.com - With Booktango, there's really nothing standing between you and a published e-book. It's free, it's easy, and it works. At your own pace and under your own control, you can get your ideas out of your laptop and into the world where they belong.

Windows movie maker - <http://windows.microsoft.com/hr-hr/windows/movie-maker> is a video editing software by Microsoft. It is a part of Windows Essentials software suite and offers the ability to create and edit videos as well as to publish them on OneDrive, Facebook, Vimeo, YouTube, and Flickr.
