

Intentional agreement for NewsforYouth

By participating in the project “English through Entrepreneurship” and the working group “NewsforYouth”, and by signing this intentional agreement, I oblige to try to fulfill the requirements set by the group in the mobility in Falticeni (16th-20th October) and onwards to the last mobility. If I do not meet these requirements, this may affect my possibilities to join the final mobility in February/March 2018.

Requirements set in Falticeni 2017:

- Post articles according to deadline. If you cannot meet the deadline, you must communicate this to the rest of the group, so that someone else can post an article. Deadlines will be on the 5th, 10th, 15th, 20th and the 25th each month. On the 1st of each month, the different topics will be chosen and divided between the participants.
- The articles should be checked by either an English-teacher, or the editor before posting on the website. This should be done two days before the deadline.
- Send out the newsletter once a month (after all new content has been posted on the website).
- Use social media to reach out to possible readers, as agreed upon during the previous mobilities (posting updates frequently on all platforms)
- Adding video features on several platforms.
- Have video-chats frequently to discuss the way onwards for the newspaper. This to exchange ideas and to ensure work progress of the newspaper group.
